STUDENT POLICIES

These policies are important to your success at The Academy and are a condition of your enrollment. Your attitude must be positive to attract guests and friends. Demonstrate maturity and tolerance in the handling of difficult people and situations.

Learning

Subjects being taught are reviewed and built upon constantly. If you don't understand a subject or a process, seek help from an educator. Our goal is to assist your learning. You are a student and not an employee; therefore, will not be paid a wage. You will learn a great deal through these activities. Your goal is to learn as much as you can through many

different means. Learning and memorizing are not the same. Learning means you take what is covered into your thinking and can use it. Memorizing is short term and will not last.

Community Service

Giving back to the community is part of becoming a

professional and a good citizen. Students at City Pointe Beauty Academy are encouraged but not required to contribute time to a community service organization while in school. We recommend Cosmetology students donate 12 hours, Esthetics, Nail Technology and Massage Therapy students donate 6 hours.

Charitable hours are documented but do not count toward total hours of training.

Our goal is to help graduates look at the communities they will grow their careers in and find opportunities to give something back after they are out of school.

Time Clock Policy

Students must use the fingerprint scanner to punch in at the beginning of their shift, out and back in at lunch/dinner and out at the end of the day. As the finger is scanned it says "thank you". If it doesn't scan properly it says, "Please try again".

The time clock is how the student receives and records hours. It's an electronic signature. Each student is responsible for his or her hours. Students risk being dropped for falsifying time clock records.

Get full credit for all your training and graduate on schedule. Use the time clock scanner to help achieve this goal. Accurate records affect meeting attendance standard and financial aid.

Student hours are posted weekly. Students may come to their coach with time clock questions.

Housing

Contact admissions for assistance in locating housing.

Extra Education

Extra educational events are held at The Academy.

Personal Services are a Privilege

To ensure that there are students available to provide services for walk-in guests The Academy has the following policy in regards to students receiving or performing services on each other. The Academy requires that all involved with student's services, the student receiving and the student performing receive permission from the educator in the salon for that day.

To be eligible for student services students must have an 85% gpa and a 91% attendance. No student services will be performed on Friday or Saturday. After the foundational period, students are eligible for vouchers called City Bucks that can be redeemed for services only. Students may receive \$40 in City Bucks for 100% attendance.

Students may receive \$30 in City Bucks for 95% attendance and up. If the students service exceeds the amount of City Bucks the student has, the student must pay the additional amount. Student services are to be performed with other students only. Educators do not perform services for students.

Conduct

Disrespect for the Academy's instructional process and its learning environment by a student's misconduct will not be tolerated. Any student whose inappropriate behavior disrupts classroom instruction, salon training, clocks in and leaves campus or any student who refuses to perform a skill when and as directed by the educator in the salon may be subject to suspension from the classroom or salon and will be sent home for the remainder of the day. The hours that the student misses because of the suspension must be made up and the over contract fee will be applied to those hours. Any student who commits a second instance of unacceptable behavior in either the salon or the classroom is subject to termination.

Testing Policy

During examinations, you must do your own work. Cell phones

will be put away. Any collaborative behavior or cell phone use during the examinations will result in zero on the test for all parties involved and Academy disciplinary action up to dismissal from the program.

Phones and Cell Phones

Students may not use The Academy's phones for personal calls. Personal calls using your cell phone is restricted to the lounge or outside on breaks or lunch periods. Cell phone use in the salon area is restricted to professional use.

Complaint Procedure

In accordance with the institution's mission statement, the school will make every attempt to resolve any student complaint that is not frivolous or without merit. Complaint procedures will be included in new student orientation thereby assuring that all students know the steps to follow should they desire to register a complaint at any time. Evidence of final resolution of all complaints will be retained in school files in order to determine the frequency, nature, and patterns of complaints for the institution. The following procedure outlines the specific steps of the complaint process.

1) The student should register the complaint in writing on the designated form provided by the institution within 60 days of the date that the act which is the subject of the grievance occurred.

2) The complaint form will be given to the school Director.

3) The complaint will be reviewed by management and a response will be sent in writing to the student within 30 days of receiving the complaint. The initial response may not provide for final resolution of the problem but will notify the student of continued investigation and/or actions being taken regarding the complaint.

4) If the complaint is of such nature that it cannot be resolved by the management, it will be referred to an appropriate agency if applicable.

5) Depending on the extent and nature of the complaint, interviews with appropriate staff and other students may be necessary to reach a final resolution of the complaint.

6) In cases of extreme conflict, it may be necessary to conduct an informal hearing regarding the complaint. If necessary, management will appoint a hearing committee consisting of one member selected by the school who has had no involvement in the dispute and who may also be a corporate officer, another member who may not be related to the student filing the complaint or another student in the school, and another member who may not be employed by the school or related to the school owners. The hearing will occur within 90 days of committee appointment. The hearing will be informal with the student presenting their case followed by the school's response. The hearing committee will be allowed to ask questions of all involved parties. Within 15 days of the hearing, the committee will prepare a report summarizing each witness' testimony and a recommended resolution for the dispute. School management shall consider the report and either accept, reject, or modify the recommendations of the committee. Corporate management shall consider the report and either accept, reject, or modify the recommendations of the committee.

7) Students must exhaust the institution's internal complaint process before submitting the complaint to the school's accrediting agency, if applicable.

8) In the event a student feels a complaint may need further attention they may address a complaint to the Missouri Board of Cosmetology & Barber Examiners, P.O. Box 1062, Jefferson City, MO 65102, phone 573-751-1052, the Missouri Board of Therapeutic Massage, P.O. Box 1335, Jefferson City, MO 65102, phone 573-522-6277, the Missouri Department of Higher Education, 205 Jefferson

Street, 11th Floor, Jefferson City, MO 65102, phone 573-751-2361, which certifies the school to operate or the National Accrediting Commission of Career Arts & Sciences, Inc., 3015 Colvin Street, Alexandria, VA 22314, Phone 703-600-7600 which is the schools accrediting agency.

Absences and Tardiness

Salon owners are looking for high level performance and attendance. Make it your plan to miss as little as possible. Our goal is to help you graduate on time ready for the real world. A tardy or absence must be reported 30 minutes prior to your schedule. Post to Facebook attendance page or call the educators office at 417-673-8828 to report an absence or tardy. Students should not leave The Academy during their day except for meal breaks. **Leaving The Academy early will count as a tardy.** Special and emergency time off must be granted by an educator. If absent the day of an exam, the student will take the missed exam upon returning to school. Exams can be taken in advance for an approved absence. If a student is tardy for an unapproved reason, (approved tardies can be found under the approved absences or tardies section lower on this page) The student will be written up. Three tardy write ups in a month can result in a day of suspension. Further tardiness can result in the student being dropped from the program. Once you arrive on campus, report to the Front desk or your classroom educator before entering class or salon area.

No Call – No Show. A student may be suspended per school suspension policy **and may lose scholarship (if applicable) for “NO CALL – NO SHOW”.**

A student may be dismissed from the program after the third **“No Call – No Show”** (no call or not showing before 9:00 a.m./1:00 p.m. depending on daily schedule).

Any school suspension will result in loss of any scholarship that has been awarded to any student in attendance at City Pointe Beauty Academy (if applicable).

If Absent, documentation for the absence must be provided upon returning to school. *If no documentation is provided, it will be considered an unapproved absence and will result in hours that must be made up after contract graduation.*

Approved Absences or tardies

Illness of student or immediate student family – living within the household (*child, spouse, parent, significant other*) with a doctor's excuse.

- 1) Funeral of a family member (*child, spouse, parent, sibling, grandparent, significant other*) with documentation from Funeral Home or Crematory – (*death certificate*) that can be verified.
- 2) Car accident, car trouble, or moving violation, with Police report/ticket or proof of car failure.
- 3) All doctor appointments require a doctor's written excuse. (*Example: medical, dental, vision, well-woman, pregnancy*)
Hours missed for Approved Absences should be made up before contract graduation even though the absence is approved.

Attendance and GPA Guidelines

- **Students Above 85%**
Coaching will be focused 100% attendance and/or GPA
- **Students Below 85%**
Immediately following a drop below 85% attendance and/or GPA a short-term plan will be created to raise the percentage above the 85%, a documented verbal remediation plan along with the progress report is filed in smart and with the students' grades and PDM's (*Personal Development Mentoring*). **This plan will only apply for the pre-determined period agreed to by the student.**
- **Student falling to 80% (or just below)**

- will be given an opportunity to correct the deficit with a written remediation plan to get attendance at or above 85%.
- If progress is not completed by the end of this period the student may be dropped from the program. **if percentage continues to fall further below 80% without effort to correct risk termination before end of plan. (NOTE: progress is monitored by your team leader and the FA office weekly)*

Note: A student may be dismissed from the program if they fail to clock-in/out for 10 consecutive scheduled class days, unless a written Leave of Absence has been submitted for approval to Financial Aid, Admissions or the Owner, on or before the end of the 10 consecutive scheduled class day period.

Please Remember - Time off may put you over your contract graduation date and may hurt your chances of receiving financial aid if you are not making satisfactory progress and you will NOT graduate by your contract graduation date.

If at any point during a students' time at the Academy their attendance reaches 77% or less the student shall be terminated from City Pointe Beauty Academy. Decisions to terminate may be appealed. *See Appeal Procedure pg. 21.

Extra Hours Policy

- 1) **Only students below 85% and having a Remediation plan in place** are eligible to make up hours under the Extra Hours Policy

***Extra hours are supervised by educators at all times (any/all extrahours needed to bring up attendance percentage must be approved by the students' team leader/educator prior to clocking these hours)**

- **A remediation plan will include a scheduled plan to increase a student's attendance percentage and this may include extra hours.**
- Student is to adhere to this plan and **not deviate** from it; this plan is considered authorization for extra hours.
- Students who have been authorized by their perspective educator will fill out all extra hours on the extra hours form provided to them by City Pointe Beauty Academy.
- This form will be signed by the educators scheduled on the salon floor as verification that student arrived and departed at the pre-authorized times; and that proper supervision was adhered to for the student by the educator and is in compliance with all state and federal guidelines (*as put forth by the US Department of Education & Missouri Department of Education*).

- 2) **Some extra hours may occur naturally** in the course of a students' day on the salon floor. The following are the only means by which a student above 85% but below 100% may receive extra hours:

- I. A student staying late to complete a service on a guest will fill out extra hours form and have it signed by the scheduled educator on duty at that time.
- II. Extra educational classes (*classes held at school on unscheduled day class day*)

Students receive a 30-minute lunch; the time may vary or change when a student is performing services on the salon floor. A student is considered to have had a lunch break if there is a break in scheduled services on that student

Students not adhering to these procedures **MAY NOT** receive credit for extra hours.

Students must be supervised during extra hour times. City Pointe Beauty Academy employs its educators according to the number of students in the building and the hours of operations for that day.

Training salon ready professionals is important, to the Academy, a student must clock in on time according to the students scheduled arrival time.

The Academy structures schedules to comply with the Missouri State student to educator ratio regulations (*maximum 25 to 1*) and congruent with hours of operations.

Suspension Policy

Students may be suspended for poor performance, excessive absence, excessive tardiness, insufficient progress, disrespect or inappropriate behavior. If a student is suspended, the student will be advised about the problem and what the student must do to correct the problem.

It is the Intent of The Academy to prepare professional people for a career. If a student has limited likelihood of success in this career, it is the responsibility of The Academy to advise the student how deficiencies could be corrected.

Termination

A student may be terminated for inadequate grades, failure to comply with attendance policies or failure to comply with any of the student policies of The Academy as outlined in the student policies (*part of the contract*) and this catalog. If at any point during a student's time at the Academy their attendance reaches 77% or less the student shall be terminated from City Pointe Beauty Academy. Decisions to terminate may be appealed. *See *Appeal Procedure pg. 21*. A student wishing to re-enter after termination will do so under the Re-Entry without Satisfactory Progress Policy.

Withdrawal & Re-Entry Policy

See pages 1 & 2 of the catalog.

Over Contract Charges

Each program has been scheduled for completion within an allotted time frame. A grace period of approximately ten percent has been added to the calculated completion date for each program. It is not realistic to expect to receive an education for free. The school has reserved space, equipment, and licensed instructors for each student and program. If a student does not graduate within the contract period, additional training will be billed at the rate of \$15 per hour, payable in advance until graduation. **Students will not be allowed to clock in until payments arrangements are made.**

Students will use a locker to store personal items. Students are provided with a padlock that must be returned in working condition or a \$5 fee will be charged. Keep your locker clean.

Grades

Incompletes

The student will be given notice of the deadline and work that must be completed when/if an incomplete is given.

Inadequate Grades

When a student is weak in one or more areas of study or skill, the educators will determine what period of time the student will have to complete the work satisfactorily. PRE-ENROLLMENT INFORMATION

Cosmetology—Class CA—hairdressing and manicuring (SOC 39-5012) **Compensation Expected**

Cosmetology graduates earn from \$17,930 to \$24,260 in salary and gratuities in an entry-level position depending on the work schedule and the area population. A commission scale is commonly used to pay cosmetologists resulting in much higher pay after an introductory period of several months. Retail commissions are also common. Some salons now offer benefits resulting in higher earnings.

Physical Demands of Cosmetology

There are physical demands placed on the body in any career. In cosmetology, care must be taken to protect your back, legs and feet. One way to do this is strength training to enhance your back, abdomen and leg muscles. Regular weight lifting exercises will benefit individuals in this profession. Regular exercise will help to promote all over body conditioning and improve circulation in your legs and feet. We recommend consulting your doctor before beginning any exercise program. Because this job requires that you stand for long periods of time, it is suggested that you wear proper fitting, supportive shoes and support hose. These are not a requirement but will help to increase your chances of longevity in the profession.

Safety Requirements of Cosmetology

Safety suggestions for this profession include wearing shoes that would not be slippery when walking on a damp floor. Because you will always be working with water, there is a risk of water spills. Damp hair lying on the floor can also pose a chance of slipping. All hair needs to be swept up following each haircut to minimize accidents. All water spilled should also be wiped up as quickly as possible. It is the responsibility of each stylist to promote a safe work environment. Gloves should be worn during chemical services to reduce any allergic reaction that an individual may have to certain chemicals. Any product that would accidentally get in the eyes should be flushed thoroughly with water. Seek medical attention if irritation continues.

Licensing Requirements for Cosmetology in Missouri Cosmetology graduates completing 1500 hours and all course work may take the state board exam to receive a Class CA—hairdressing and manicuring license in Missouri. Safety Requirements of Instructors

Safety suggestions for this profession include, wearing shoes that would not be slippery when walking on a damp floor, because you will always be working with water and there is a risk of water spills. Damp hair lying on the floor can also pose a chance of slipping. All hair needs to be swept up following each haircut to minimize accidents. All water spilled should also be wiped up as quickly as possible. It is the responsibility of each instructor to promote a safe work environment. Gloves should be worn during chemical services to reduce any allergic reaction that an individual may have to certain chemicals. Any product that would accidentally get in the eyes should be flushed thoroughly with water. Seek medical attention if irritation continues.

Licensing Requirements for Instructors in Missouri

Instructor graduates completing 600 hours and all course work may take the state board exam to receive an instructor license in Missouri. The exam covers instructor theory and Missouri law and rules related to instructors. The exam has both a written and practical portion.

Massage Therapy – LMT-licensed massage therapist (SOC 31-9011) Compensation Expected

Massage Therapy graduates earn from \$10-\$15 per hour plus gratuities in an entry-level position, depending on the work schedule and the area population. A commission scale is commonly used to pay massage therapist, resulting in much higher pay after an introductory period of several months. At this level a massage therapist can expect to earn \$25 per hour. Retail commission is also common.

Physical Demands of Massage Therapy

There are physical demands placed on the body in any career. In massage therapy, care must be taken to protect your back, legs and feet. One way to do this is strength training to enhance your back, abdomen and leg muscles. Regular weight lifting exercises will benefit massage therapists. Regular exercise will help to promote all over body conditioning and will improve circulation in your legs and feet. Consult a doctor before beginning any exercise program. Because this job requires that you stand for long periods of time, it is suggested that you wear proper fitting, supportive shoes. These are not a requirement but will help increase longevity in the profession.

Safety Requirements of Massage Therapy

Safety suggestions with this profession would include, wearing shoes that grip the floor and would not slip if walking on a damp floor. Any product that would accidentally get in the eyes should be flushed thoroughly with water. Seek medical attention if irritation continues.

Licensing Requirements for Massage Therapy in Missouri

Massage Therapy graduates completing 625 hours and all course work may take the Massage and Bodywork Licensing Exam (MBLEX). To receive an LMT- licensed massage therapist in Missouri the applicant must complete a criminal background check (\$40-\$55 cost to the applicant), to be reviewed by the State Board of Therapeutic Massage, in addition to graduating from an approved program, and passing the Massage and Bodywork Licensing Exam (MBLEX). Federal Student Aid (FSA) Credit Balance Policy

An FSA credit balance is created when the total of all FSA funds credited to a student's account exceeds the total of tuition, fees, room, board, and other eligible educational charges on a student's account. An FSA credit balance will be created by funds from the Federal Pell Grant and/or Federal Direct Loans.

Unless a student or parent (in the case of a Parent PLUS loan) authorizes a school to hold a credit balance, the credit balance will be paid to the student or parent as soon as possible but no later than 14 calendar days after the balance is created (or 14 calendar days after the first day of class if the credit balance was created before the first day of class).

You can authorize City Pointe Beauty Academy to retain an FSA credit balance and pay it to you (the student or parent, as applicable) in accordance with City Pointe Beauty Academy's Procedure for Paying Federal Student Aid Credit Balances. City Pointe Beauty Academy will pay credit balances by issuing a check to the student or parent, (*as applicable*), within 14 days of the creation of a credit balance in the students' account.

A student or parent has the right to withhold authorization. If you elect not to authorize the City Pointe Beauty Academy to hold your FSA credit balance; the funds will be paid to you (the student or parent as applicable) within the 14-day period noted above.

Note: *that if you elect not to authorize City Pointe Beauty Academy to hold a credit balance or if you later cancel your authorization, you will be required to pay any outstanding charges to the school.*

Authorization will remain in effect for each subsequent payment period unless it is withdrawn. Authorization may be withdrawn for subsequent pay periods; however, in no case will City Pointe Beauty Academy hold an FSA credit balance of loan funds beyond the end of the loan period, nor an FSA credit balance of other funds beyond the end of the last payment period in the award year for which the funds were awarded.

If the borrower informs the school after either of these deadlines, the school may still honor the students' request for a loan cancellation, but the school is not required to do so. Regardless of when the school receives the request, the school will inform the student and/or the parent in writing or by electronic means, of the outcome of the request.

Verification

Verification is a review process in which the accuracy of various data reported by the student/parent on the student's Free Application for Federal Student Aid (FAFSA). Each year students are randomly chosen to provide documentation to verify that all information submitted on the FAFSA is correct. If a student is chosen for verification, all documents must be submitted to the Financial Aid Department no later than the two weeks after receiving notification that verification is needed. Students who do not supply the needed documents within the two-week time frame may be dismissed from the institution if alternative methods of payment are not resolved.

Professional Judgment The Policy

The Department of Education accounts for student's unique situations by authorizing Financial Aid Administrators to exercise Professional Judgment to adjust data elements used to determine a student's Expected Family Contribution (EFC), components of a program's Cost of Attendance (COA) and/or dependency status. The two categories Financial Aid Administrators consider in exercising Professional Judgment are special circumstances and unusual circumstances. Special circumstances refer to the financial situations that justify making an adjustment to the data elements in the EFC calculation or the components of the COA.

Unusual Circumstances refer to conditions that justify an adjustment to a student's dependency status based on a unique situation and allow an administrator to complete a Dependency Override.

If a student has a unique situation in either category of special and/or unusual circumstances, they may request our Financial Aid Office to review their individual circumstances. Additionally, if a student has attended an institution previously and had a professional judgment determination based on an unusual circumstance that led to an override of the student's dependency status, that determination applies at our institution as well. Upon review, our aid administrators will make a final determination on where a Professional Judgment is substantiated and make the necessary adjustments to reflect that decision.

Procedures and Review Process

Students may make a request in person to the Financial Aid office. When the Financial Aid Office is made aware of student's special and/or unusual circumstances, whether through student request or standard due diligence, our aid administrators will review such cases in a reasonable timeframe, within 60 days. Our office may conduct an interview with the student and may request additional documentation to substantiate the student's situation. Any Professional Judgment exercised by our Financial Aid Office is made on an individual, case-by-case basis. The Financial Aid Office strives for consistency in treatment of students with similar unusual circumstances.

If our office concludes a Professional Judgment is warranted, we will determine which adjustment applies to the student's circumstances. If the Professional Judgment necessitates changes to the data elements in the EFC or the components of the Cost of Attendance, our office will document the new figures in the student file. Additionally, our office will generate a final determination of the review and whether a Professional Judgment was applied under their circumstances.

- If an adjustment is made to the components of the Cost of Attendance, our office will generate an updated Financial Aid Offer.
- If an adjustment is made to the data elements used to calculate a student's EFC, our office will electronically make changes to the student's FAFSA and generate a new valid ISIR. When changes are made on the FAFSA with a student or parent's updated data element, the EFC is automatically recalculated and will be reflected on the new ISIR. Our office will utilize the new EFC to generate an updated Financial Aid Offer.
- If an adjustment is made to the dependency status of a student, our office will electronically make changes to the student's FAFSA and generate a new valid ISIR that reflects the Independent status and an updated EFC. Our office will utilize the new EFC and Independent status to generate an updated Financial Aid Offer.

Please note:

The updated EFC is used for eligibility determination for all academic programs. No payment is made on a Pell grant until a valid ISIR is received.

All professional judgment changes apply only to data changes and apply to all Title IV programs.

RETURN OF TITLE IV FUNDS (R2T4) POLICY

This policy applies to all eligible students receiving Title IV funds, specifically the Federal subsidized, unsubsidized loans, PLUS loans and Pell Grants. Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period, for which the assistance is awarded. When a student withdraws from their program, for any reason including medical withdrawals, they may no longer be eligible for the full amount of Title IV funds that they were originally scheduled to receive.

If the student withdraws prior to completing over 60% of a semester, they may be required to repay a portion of the federal financial aid that the student received for that term. A pro rata schedule is used to determine the amount of federal student aid funds the student will have earned at the time of the withdrawal.

Federal aid includes Federal Student Loan (subsidized and unsubsidized), Plus Loan and Pell Grants. Students earn their financial aid in proportion to the amount of time in which they are enrolled. Therefore, a student who withdraws in the second week of classes has earned less of their financial aid than a student who withdraws in the seventh week. Once 60% of the scheduled hours in a payment period are completed, a student is considered to have

earned all of their financial aid and will not be required to return any funds.

Student Early Withdrawal

The policy for withdrawal of a student is the same whether the student withdraws voluntarily or is withdrawn due to some action requiring dismissal.

When a student discontinues training at The Academy, the following steps must be taken:

1. The student meets with their coach and/or the owner to discuss reasons for withdrawal and attempt to resolve the challenges causing the drop.
2. The student meets with the FAO to complete the exit interview.
3. The Return to Title IV calculation must be completed. Deborah John and Associates (DJA) complete this process.
4. Exit counseling is completed online.
5. At the exit interview the student's file will be checked for correct documentation.

Withdrawal Date

The last day of attendance/withdrawal date is the last day the student enters hours using the electronic fingerprint scanner to record hours.

Post Withdrawal Process

- The Academy will notify Deborah John & Associates (DJA), third party servicer that the student has withdrawn from a program.
 - DJA will notify school what is needed to complete the student's FA file
 - The Academy will gather the requested information, complete the R2T4 clock hour form and send to DJA
 - DJA will review documentation to complete the file, process accordingly and calculate the post-withdrawal disbursement based on the R2T4 form provided
 - DJA will prepare and forward an award letter, indicating the PWD amount (if any), then originate, post and call in those funds to the school's federal funds account(s)
 - If a disbursement needs to be made, The Academy will then make a disbursement to the student at that time.

Disbursements during a student's tenure at The Academy will be monitored closely, so as to prevent post-withdrawal disbursements if possible.

Calculation of Return to Title IV

The Federal Return of Title IV Funds formula dictates the amount of Federal Title IV aid that must be returned to the Federal government by The Academy and/or the student. The Federal formula requires a Return of Title IV aid if the student received Federal financial assistance in the form of Direct Loans, Pell Grants or Plus direct loans and withdraws on or before completing 60% of the payment period. The percentage of Title IV aid earned is equal to the percentage of the payment period that was completed as of the withdrawal date if this occurs on or before completion of 60% of the hours in the payment period. The percentage that has not been earned is calculated by determining the complement of the percentage earned (e.g., if 40% was earned, 60% was unearned). The amount to be returned is calculated by subtracting the amount of Title IV assistance earned from the amount of Title IV aid that was or could have been disbursed as of the withdrawal date. The percentage of the payment period completed is calculated by dividing the total number of clock hours completed in the payment period by the number of completed clock hours in the payment period as of the withdrawal date. The Academy is responsible to

return any funds that were dispersed to The Academy during the payment period but were not earned by The Academy.

Refund and Repayment Compliance Requirements

A student, who withdraws prior to completion of 60% of the payment period, may be required to repay some of the Federal funds that were received for the payment period. The R2T4 included with the Institutional Refund will outline any charges the student must return to the Department of Education.

The following Title IV refund distribution is used for all Federal Title IV aid that must be returned to the Federal government or the lending institution by The Academy and/or the student:

1. **Federal Unsubsidized Direct Loan**
2. **Federal Subsidized Direct Loan**
3. **Federal Plus Direct Loan**
4. **Federal Pell Grant**

All refunded Title IV funds that are due to the Department of Education by The Academy are made within 45 days of the date The Academy determined the student withdrew.

Any student who is not on financial aid; monies due are issued to the party responsible for tuition payments.

Institutional and student responsibility in regard to the Federal Return of Title IV Funds Policy

The FAO's responsibilities in regard to the Return of Title IV Funds policy include:

- Providing each student with the information given in this policy;
 - The Academy's refund policy is in the enrollment contract and The Academy catalog.
- Identifying students affected by this policy and completing the Return of Title IV Funds calculation
 - DJA will do the calculations and inform The Academy.
- Inform the student of the result of the Return of title IV
 - Funds calculation and any balance owed to The Academy as a result of a required return of funds;
- Returning any unearned Title IV aid that is due to the Title IV program and if applicable, notifying the borrower's holder of federal loan funds of the student's withdrawal date;
- Notifying student of eligibility for a Post-Withdrawal Disbursement, if applicable;
 - If a student fails to attend the exit interview, a letter or email will be sent to the student. It will explain the responsibilities of repaying the loan and where to get information concerning their loan.
 - A student can contact the financial aid office at any time if they have questions concerning their loan or need information concerning loan consolidation.

The student's responsibilities in regard to the Return of Title IV Funds policy include:

Becoming familiar with the Return of Title IV Funds policy and how withdrawing effects eligibility for Title IV aid:

- Resolving any outstanding balance owed to City Pointe Beauty Academy resulting from a required return of unearned Title IV aid.

The following is one example of an R2T4 process:

Student begins training September 11, 2012. The student misses on October 19 and 20. On November 10 the student stops coming to The Academy but has not notified The Academy they are officially withdrawing from the program. The Academy waits 10 days (November 13 – November 23) and determines on November 23 that the student is not returning to The Academy and completes an R2T4.

The student receives \$2600 in Pell, \$1750 in Subsidized Direct Loans and \$2800 in Unsubsidized Direct Loans. The number of scheduled hours the student could have earned is 301 hours (43 days x 7 hours a day – this includes dates in which the student was not present).

In a payment period there are 450 hours that can be earned. The student completed 301 or 66.8% of the total hours. Therefore, all money paid out has been earned and The Academy is not required to return any funds. The student is now liable for the unpaid difference on the Subsidized Direct Loans and Unsubsidized Direct Loans according to the agreement in the master promissory note to the Department of Education.

LEAVE OF ABSENCE POLICY

A student who must take an approved Leave of Absence (LOA) or must withdraw from training for nonacademic reasons may return to the program with no loss of SAP if the student was making SAP when the student left. Students must follow The Academy's policy

in requesting an LOA. A written, signed and dated request for an LOA must be submitted to the Financial Aid office prior to the LOA occurring. In addition, the student is required to list the reason for the LOA. If at all possible, a student needs to present documentation to support the request for a LOA. A student may be granted a LOA for any of the following reasons:

- 1) **Financial Hardship**
- 2) **Medical Issues**
- 3) **Personal or Family Related Issues**

On the day the student returns from a LOA the student is required to inform the financial aid office of their return. The student's contract graduation date and maximum time frame will be extended for the same number of days the student was on LOA without any penalty to the student. This is reflected on the LOA Form processed in the Financial Aid Office and kept in students' permanent file. The LOA form is an enrollment agreement addendum and must be signed by all parties. LOA's do not accrue additional charges.

An LOA may be granted to a student who did not provide the request prior to the LOA due to unforeseen circumstances (Emergency Leave). The Academy will document its reason for granting the LOA on the LOA form; the student will submit a signed and dated request for LOA at a later date and return it to The Academy via USPS, e-mail, text or in person within a reasonable resolution of the emergency. The approved LOA will reflect the start date as the first date the student was unable to attend. City Pointe Beauty Academy reserves the right to deny an LOA based on the facts provided.

A student will not be granted a LOA if the LOA, together with additional LOA's previously granted, exceed a total of 180 calendar days in any 12- month period. If the student is receiving federal funds, no federal funds will be disbursed during the LOA. A student granted an LOA that is in accordance with The Academy's LOA policy is not considered to have withdrawn and no refund calculation will be required at that time. Students will be withdrawn if the student takes an unapproved LOA or does not return at the end of the scheduled LOA and a refund calculation would then be performed. The student's withdrawal date for the purpose of calculating a refund will be the student's last day of attendance. Any required refund would be paid within 45 days. When a student does not return after the LOA, the student's loans go into repayment.

INSTITUTIONAL REFUND POLICY

For applicants who cancel enrollment or students who withdraw from enrollment a fair and equitable settlement will apply. The following policy will apply to all terminations for any reason, by either party, including student decision, course or program cancellation, or school closure.

Any monies due the applicant or students shall be refunded within 45 days of official cancellation or withdrawal, less the \$100 application fee and student license fee. Official cancellation or withdrawal shall occur on the earlier of the dates that:

- a) An applicant is not accepted by the Academy. The applicant shall be entitled to a refund of all monies paid, less the application fee and the student license fee.
- b) A student (or legal guardian) cancels their enrollment in writing within three business days of signing the enrollment agreement. In this case all monies collected by the Academy shall be refunded, regardless of whether or not the student has actually started classes.
- c) A student cancels their enrollment after three business days ("business days" exclude Saturdays, Sundays and holidays) of

signing the contract but prior to starting classes. In these cases, the student shall be entitled to a refund of all monies paid to the Academy less the application fee and the student license fee.

- d) A student notifies the Academy of their withdrawal in writing.
- e) A student on an approved leave of absence notifies the Academy that the student will not be returning. The date of withdrawal shall be the earlier of the date of expiration of the leave of absence or the date the student notifies the Academy that the student will not be returning.
- f) A student is expelled by the Academy or 10 days after the last day of attendance. (Unofficial withdrawals will be determined by the Academy by monitoring attendance at least every 30 days.)
- g) For item b, c, d or e, official cancellations or withdrawals, the cancellation date will be determined by the postmark on the written notification, or the date said notification is delivered to the Academy administrator or owner in person.

- For students who enroll and begin classes but withdraw prior to course completion (*after three business days of signing the contract*), the following schedule of tuition earned by the Academy applies. All refunds are based on scheduled hours and the students last day of attendance:

PERCENT OF SCHEDULED TIME ENROLLED TO TOTAL PROGRAM	TOTAL TUITION ACADEMY SHALL RECEIVE/RETAIN
0.01% to 2%	5%
2.01% to 8%	15%
8.01% to 9.9%	30%
10% to 14.9%	40%
15% to 24.9%	45%
25% to 49.9%	70%
50% and over	100%

- All refunds will be calculated based on the students last date of attendance. Any monies due a student who withdraws shall be refunded within 45 days of a determination that a student has withdrawn, whether officially or unofficially. In the case of disabling illness or injury, death in the student's immediate family or other documented mitigating circumstances, a reasonable and fair refund settlement will be made. If the Academy closes permanently and ceases to offer instruction after a student has enrolled, and instruction has begun, the Academy will provide a pro rata refund of tuition to the student. If the course/program is canceled subsequent to a student's enrollment, and before instruction has begun, the Academy shall, at its option, provide a full refund of all monies paid or provide completion of the course/program. If the course is cancelled after students have enrolled and instruction has begun, the Academy shall provide a pro rata refund for all students transferring to another Academy based on the hours accepted by the receiving OR provide completion of the course OR participate in a Teach-Out Agreement OR provide a full refund of all monies paid. (*The Academy does not participate in teach out agreements with other institutions*)

- Students who withdraw or terminate prior to course completion are charged a cancellation or administrative fee of \$150. This refund policy applies to tuition and fees charged in the enrollment agreement less the application fee and the student license fee. Other miscellaneous charges the student may have incurred at the Academy (*e.g.: extra kit materials, books, products, unreturned Academy property, etc.*) will be calculated separately at the time of withdrawal. All fees are identified in the Academy's catalog and in the enrollment agreement. ***In a refund calculation money due the school will be rounded down to the nearest dollar. **If a Title IV financial aid recipient withdraws prior to course completion, a calculation for return of Title IV funds will be completed and any***

applicable returns by the Academy shall be paid, as applicable, first to unsubsidized Federal Student Loan Program; second to subsidized Federal Student Loan Program, third to Federal Pell Grant Program; fourth to other Federal, State, private or institutional student financial assistance programs; last to the student. After all applicable returns to Title IV aid have been made, this refund policy will apply to determine the amount earned by the Academy and owed by the student. If the student has received personal payments of Title IV aid, the student may be required to refund the aid to the applicable program.

SATISFACTORY ACADEMIC PROGRESS Policy

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at The Academy. It is printed in the catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (established by the United States Department of Education).

Evaluation Periods:

Cosmetology	450, 900, 1200, 1500 (actual) hours
Esthetics	375, 750 (actual) hours
Nail Technology	200, 400 (actual) hours
Instructor **	300, 600 (actual) hours**
Massage Therapy	312.5, 625 (actual) hours

****Instructor Program – Pursuant to section 329.080 of the Missouri State Board of Cosmetology and Barber Examiners; the following may be substituted for up to three hundred hours of training: 1. three years of experience as a practicing cosmetologist; 2. four and one-half college credit hours in teaching methodology, as defined by rule. 3. Applicants applying from another state where requirements are not substantially equal to those in forced in Missouri may be eligible for the examination if they provide the required documentation. **Any student scheduled for less than 600 hours will be evaluated at the midpoint of the contracted hours.****

Transfer Students - midpoint of the contracted hours or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course.

Attendance Progress Evaluations

Students are required to attend a minimum of 85% of the hour’s possible, based on the applicable attendance schedule in

order to be considered maintaining satisfactory attendance progress. Quantitative evaluations are based on actual hours completed and are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total actual hours accrued by the total number of hours scheduled. At the end of each evaluation period, The Academy will determine if the student has maintained at least 85% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

Maximum Time Frame

The maximum time (*which does not exceed 117.6% of course length*) allowed for students to complete each course at satisfactory academic progress is stated below:

Maximum Time Allowed

<u>Course</u>	<u>Weeks</u>	<u>Scheduled Hours</u>
Cosmetology		
(Full time 30 hrs. /wk.)—1500 Hours	58.8 wks.	1764
(Half time 20 hrs./wk.)—1500 Hours	84.2 wks.	1764
<i>30hrs./8 wks. (Foundations), remaining time at 20 hrs./wk.</i>		
Esthetics		
(Full time 30 hrs. /wk.) – 750 Hours	29.4 wks.	882
Nail Technology		
(Half time 15 hrs. /wk.) – 400Hours	31.36 wks.	470
Instructor		
(Full time 34 hrs. /wk.) – 600 Hours	20.74 wks.	706
(Half time 17 hrs. /wk.)	41.50 wks.	706
(Three Quarter time 26 hrs./wks.)	27.13 wks.	706
Massage Therapy		
(Full time 25hrs/wk.) – 625 Hours	29.4 wks.	735

The institution operates all programs according to a schedule of 900 hour per academic year of instruction.

Students who have not completed the course within the maximum timeframe will be dropped from the program.

The maximum time allowed for transfer students who need less than the full course requirements or part-time students will be determined based on 85% of the scheduled contracted hours.

Academic Progress Evaluations

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better (the computer system will reflect completion of the practical assignment as a 100% rating). If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures and set forth in practical skills evaluation criteria adopted by The Academy. Students must maintain a written grade average of 85% after completion of all course written and practical requirements prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 - 100	A
85 - 92	B
84 and below	Not Passing

Determination of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making

satisfactory academic progress until the next scheduled evaluation. Students will receive a hard copy of their Satisfactory Academic Progress Determination at the time of each evaluation. Students deemed not maintaining Satisfactory Academic Progress may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

Warning

Students failing to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory academic progress while during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, the student may be placed on probation and, if applicable, students may be deemed ineligible to receive Title IV funds.

Probation

Students failing to meet minimum requirements for attendance or academic progress after the warning period will be placed on probation and considered to be making satisfactory academic progress during the probationary period, if the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards by the end of the evaluation period may be placed on probation. Students placed on an academic plan must be able to meet requirements set forth in the academic plan by the end of the next evaluation period. Students who are progressing according to their specific academic plan will be considered making Satisfactory Academic Progress. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, the student will be determined as NOT making satisfactory academic progress and if applicable, student will not be deemed eligible to receive Title IV funds.

Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students, who withdraw prior to completion of the course and wish to re-enroll, will return in the same satisfactory academic progress status as at the time of withdrawal.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student or any other allowable special or mitigating circumstance. The student must submit a written appeal to The Academy on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. This information should include what has

changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed and federal financial aid will be reinstated, if applicable.

Noncredit, Remedial Courses, Repetitions

Noncredit, remedial courses and repetitions do not apply to this institution. Therefore, these items have no effect upon the Academy's satisfactory academic progress standards.

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.

CAMPUS SECURITY ACT INFORMATION DISCLOSURE

Under the Crime Awareness Campus Security Act, The Academy is required to provide you with the following safety information about our campus.

All criminal actions must be reported to an educator or owner immediately. The presence of any illegal weapon is prohibited on the school campus and will be grounds for dismissal. The authority to which a crime is reported will assist the student or client in reporting a crime to the Webb City Police Department or other appropriate security force.

The facilities are open Monday through Saturday, according to assigned class and styling area schedules. The building may also be open for educational classes for licensed professionals in cosmetology arts and sciences or to groups securing the use of the facilities through the owner. Only educators, administration and owners shall have keys to the building. All doors except the main salon entrance door will be locked at 5 p.m. when classes are in session.

An educator made aware of a crime will notify the rest of staff as soon as possible, perhaps even prior to notifying police, depending on the situation. It is critical that all staff be aware of any report of crime and that the police be notified immediately.

This information will be provided to every enrolling student prior to contract signing in the catalog. Students also receive a copy of campus security data during orientation. Staff and students are reminded about security and safety procedures including crime prevention, personal safety, fire safety and dangerous weather procedures.

Local police speakers will be scheduled annually for all staff and students.

For 2023 local police and The Academy report no acts of murder, manslaughter, sex offenses, domestic violence, dating violence, robbery, aggravated assault, motor vehicle theft, arson, simple assault, stalking, larceny-theft, intimidation or vandalism and no reports of liquor law violations on campus. There was no domestic violence reported on or adjacent public property.

Students and staff will be notified of emergency response and evacuation procedures. Internally, staff will evacuate students and guests through the closest exits if possible. Externally, staff will notify students and staff of emergency response and evacuation procedures using cell phone, telephone, email and text messaging.

The Academy will test the emergency response and evacuation procedures annually. If there are student organizations meeting off campus, appropriate safety procedures will be explained prior to

the meeting. At this time, we have no off-campus student organizations.

Violence Against Women Reauthorization Act of 2013 (VAWA)

(Pub. Law 113-4), which among other provisions, amended section 485(f) of the Higher Education Act of 1965, as amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires institutions of higher education to comply with certain campus safety-and security-related requirements as condition of participating in the Federal student financial aid programs authorized by Title IV of the HEA. Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault and stalking and to include certain policies, procedures and programs pertaining to these incidents in their annual security reports (ASRs). The statute requires institutions to include this new information in ASR beginning with the ASR that must be provided to students and prospective student and employees by Oct. 1, 2014.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA - gives students certain rights with respect to their education records. If the student is not 18 or older, the student and parent or guardian of a dependent minor has these rights to access:

- Students have the right to inspect and review their education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for the student to review the records. Schools may charge a fee for copies.
- Students have the right to request that school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the student has the right to place a statement with the record setting forth the student's view about the contested information.
- Generally, schools must have written permission from the student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or

under the following conditions (34 CFR § 99.31):

1. **School officials with legitimate educational interest**
2. **Other schools to which a student is transferring**
3. **Specified officials for audit or evaluation purposes**
4. **Appropriate parties in connection with financial aid to a student**
5. **Organizations conducting certain studies for or on behalf of the school**
6. **Accrediting organizations**
7. **To comply with a judicial order or lawfully issued subpoena**
8. **Appropriate officials in cases of health and safety emergencies and**
9. **State and local authorities, within a juvenile justice system, pursuant to specific state law**

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors, awards and dates of attendance. However, schools must tell students about directory information and allow students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook or newspaper article) is left to the discretion of each school.

Information from a student's file will only be released upon written permission from the student.

Parents/guardians of a dependent minor student, accrediting agencies and government officials may gain access to a student's files without the expressed permission of that student. It is the policy of City Pointe Beauty Academy to comply fully with the Family Educational Rights and Privacy Act. We comply with the Act and in addition we have the following policies:

- 1) Only owners or financial aid personnel may release student information when complying with FERPA.
- 2) No records are released without a signed and dated release of information form completed by the eligible student or parent.
- 3) Most of our students are eligible students because they are 18 years of age or older. When a student is not 18 or older written permission must come from the parent.
- 4) No records are released to other schools unless all tuition or other charges due from the student have been paid in full.
- 5) We do not publish a directory.
- 6) Students receive copies of their grades and attendance records on a regular basis and may distribute them as they see fit. We recommend the student provide such information to their parents rather than requiring the parent to go through the financial aid office.
- 7) A request for a release of information will remain effective for a specific purpose and time frame and the student may revoke consent at any time.
- 8) We will conform with any future updates to FERPA.
